Simla, the 31st May 1879.

Hitherto it has been the practice to affix postage stamps to parcels which the sender desires to prepay, but serious inconvenience has been found to arise from the stamps so affixed adhering imperfectly to the cloth, wax-cloth, tin, or other materials commonly used by the public for covering parcels. Fraud has also been found to result from the re-use of stamps which have become detached from the parcels to which they were affixed.

With effect from the 1st July 1879, prepayment of parcel postage may be made only in cash tendered with the parcel at the Post Office window within the prescribed hours.

Receipts will be given to the senders for all parcels tendered at the window during the prescribed hours, whether prepaid in cash or unpaid, the amount of prepayment, if any, being specified on the receipt.

This order applies to all parcels (inland, overland, insured, or value-payable), except those sent on the public service, which, if prepaid, must as heretofore be prepaid with service stamps.

Dir. Genl. of the Post Office of India.

Simla, the 29th May 1879.

The public are informed that, with effect from the 1st July 1879, the rules appertaining to value-payable parcels (see Postal Guide of 1st April 1879, page 14), will be applicable to registered book packets: that is the sender of a registered book packet may, at the time of posting it, declare the value of the contents for realization from the addressee and payment to him.

E. R. DOUGLAS,
Asstt. Dir. Genl. of the Post Office of India.
